Reference n.: SIS-PT-CSA-1

Deadline: 14/03/2008

<Programme: Science in Society>

<Project Title: No title >

<Financial Scheme: Coordination and Support Action (CSA)

Description:

The project idea will be submitted for the topic SiS-2008-3.0.3.1. "Encouraging co-operation and networking between scientific events organisers on public engagement with science"

The aim of the proposal is to improve and stimulate the research capacity of the people who have raw projects to be realized (come to life). On the other hand, will be organized workshops, entertainment activities, courses for the best practice. According to these aims, will be arranged university visits. In this way strategic networks and partnerships with private and public institutions both in Turkey and Europe will also be developed

Organisation Type: Impresa

Partner Sought: Partnerships with private and public institutions
