
Chiamata per esperti esterni per l'Autorità europea per la sicurezza alimentare-EFSA

18 maggio 2009

Chiamata per esperti esterni per l'Autorità europea per la sicurezza alimentare-EFSA

Expert database

EFSA, in cooperation with Members States, has decided to set up a database of external scientific experts able to assist its Scientific Committee, Scientific Panels, EFSA networks and respective working groups.

Scientists with relevant expertise are invited to apply. EFSA welcomes applications from experts in all fields of its remit, such as food and feed safety, nutrition, toxicology, chemistry, animal health and welfare, plant protection and plant health.

All candidates who submit a complete application and meet the validity and eligibility criteria will be included in the database. EFSA will inform each applicant whether or not they have been included and, if not, the criteria that were not met.
