Turkey associated with the ICT-PSP Programme

Qui di seguito una notizia dalla CE riguardante la copertura geografica per il programma CIP ICT PSP.

A Commission decision on a Memorandum of Understanding concerning Turkish participation in the ICT-PSP programme was adopted on 21st August. This MoU is effective for 2008. So Turkey now joins the group of countries associated with the ICT-PSP programme (Croatia, Iceland, Liechtenstein, Norway, Turkey).

This means that organisations from Turkey are now eligible to be funded in our current CIP call (CIP-ICT PSP-2008-2), which closes on the 9th September.
