Looking for INDUSTRY organisation as host for IEF (Organic Chemistry/Synthesis/Medical Chemistry/Chemical Biology)

A postdoctoral researcher currently working at the Center for Synthesis and Chemical Biology (UCD, Ireland) is looking for an industrial host organisation for a Marie Curie fellowship application (deadline 19 August).

Dr. Syed Tasadaque A. Shah is originally from Pakistan, but obtained his PhD in Germany and has since resided in Ireland. According to the Marie Curie rules he is therefore eligible for an Intra-European Fellowship in any EU Member State or Associated Country except Ireland.

His preferred countries would be UK, Germany, Switzerland or Austria, but he is open to offers from organizations in other countries also.

Please find attached (link in fondo alla pagina) a cover letter as well as his CV and list of publications.

For all queries please directly contact Tasadaque by email at [syedtasadaque.shah@ucd.ie](mailto:syedtasadaque.shah@ucd.ie)
