bandi ARTEMIS - Advanced Research and Technology for Embedded Intelligence and Systems

ARTEMIS (ETP) - "Advanced Research and Technology for Embedded Intelligence and Systems" -  
ARTEMIS is the European Technology Platform for Embedded Computing Systems.

Subject: ARTEMIS JU Second Call launched today

Dear Embedded Systems Colleague,

The ARTEMIS JU has today launched its second call for industrial collaborative research proposals. In this 2009 call the ARTEMIS JU will use a two step proposal submission system. Please find all information related to this call at:

[https://www.artemis-ju.eu/call\\_2009](https://www.artemis-ju.eu/call_2009)

Please feel free to distribute this information to anyone that could be interested in this call.

Best regards,  
Tom Clausen
