----- PARTNER SEARCH LSH-EU-IP-8 -----

<Reference n.: LSH-EU-IP-8>

<Deadline: 19/09/2007>

<Programme: Scienze della Vita, genomica e biotecnologie per la salute>

<Project Title: HEALTHGRAIN - 'Exploiting bioactivity of European cereal grains for improved nutritional and health benefits'>

<Financial Scheme: Progetti Integrati - IP>

<Description: HEALTHGRAIN is an Integrated Project (IP) in the Sixth Framework programme of the European Community active in years 2005-2010. It is a multidisciplinary, trans-sectorial project involving already 43 partners from 15 countries. It aims to improve well-being of consumers and to reduce the risk of diseases related to metabolic syndrome in Europe by increasing the intake of protective compounds of whole grains or their fractions. The aim is to produce health promoting and safe cereal foods and ingredients which are attractive to consumers.

<Organisation Type: Centro di Ricerca>

<Partner Sought: HEALTHGRAIN is launching a competitive call during 6th July-19th September 2007 to incorporate new SME partners to carry out tasks in the following research fields:

1) Development of analytical tools for selecting lines enriched in bioactive components in cereal breeding and

2) Development and demonstration of milling technologies and bioprocessing for ingredient manufacture.
