----- PARTNER SEARCH HEALTH-EU-SMCP-15 -----

<Reference n.: HEALTH-EU-SMCP-15>

<Deadline: 30/09/2008>

<Programme: COOPERATION- HEALTH>

<Project Title: Prevention of Diabetes in Pregnancy>

<Financial Scheme: Progetti in collaborazione - Small or Medium>

<Description: Health-2009-2.4.3-1: Novel therapeutic approach to pregnancy-induced diabetes.

To identify the best intervention at the beginning of pregnancy with the aim of reducing the development of gestational diabetes

The project will comprise an intervention study and associated activities

<Organisation Type: Università>

<Partner Sought: Health economist to analyse costs of gestational diabetes in the general European population as well as in a high risk population. These data will form the basis for calculating the cost benefit resulting from the reduction in gestational diabetes occurrence brought about by the intervention measures used in the project.>
