ICT, Informazioni dalla Commissione Europea

qui di seguito alcune informazioni utili sul tema ICT del Settimo Programma Quadro.

ICT Joint undertakings:

The 2009 call for proposals from our Ambient Assisted Living joint programme (<http://www.aal-europe.eu/aal-2009-2>) was announced in the Official Journal on 17th February, with a total indicative funding of ? 60.9m. This call closes on 5th May.

The AAL team are also preparing themselves for an AAL Forum (<http://www.aal-europe.eu/news-and-events/aal-forum-2009>), at which participants in AAL projects and potential proposers can meet to discuss the issues in their field. The event will take place in Vienna on 29th September-1st October 2009.

The ATREMIS and ENIAC joint undertakings are also currently preparing 2009 calls. These are expected to be published in early March. Keep an eye on the ARTEMIS ([https://www.artemis-ju.eu/call\\_2009](https://www.artemis-ju.eu/call_2009)) and ENIAC (<http://www.eniac.eu/index.php>) call pages.

Shaping the ICT agenda:

During September and October 2008 the European Commission conducted an online public consultation on "Shaping the ICT research and innovation agenda for the next decade". The final report of this consultation has now been published ([http://ec.europa.eu/information\\_society/newsroom/cf/itemdetail.cfm?item\\_id=4742&utm\\_campaign=isp&utm\\_medium=rss&utm\\_source=newsroom&utm\\_content=tp;-7](http://ec.europa.eu/information_society/newsroom/cf/itemdetail.cfm?item_id=4742&utm_campaign=isp&utm_medium=rss&utm_source=newsroom&utm_content=tp;-7)).

The report is based on 565 contributions, which will be used in preparing for a Communication from the European Commission on "A strategy for ICT R&D and Innovation in Europe", planned to be launched this spring.
