----- PARTNER SEARCH PMI7-EU-BSGSME-31 -----

<Reference n.: PMI7-EU-BSGSME-31 >

<Deadline: 11/04/2008 >

<Programme: CAPACITIES >

<Project Title: New technologies for biomass based thermal energy production >

<Financial Scheme: >

<Description: Biomass is one of the most promising alternative energy source. However, it is not yet spread because the machines involved in the biomass processing are derived from principles used in other domains. The objective of the project is to

- (1) identify core technical problems
- (2) elaborate new machines
- (3) prototype and test the machines

Durée Appro. 24 months

Budget estimé Appro. 1 Million Eur.

Qualité Scientifique et Technique:

There is no adapted technologies today

Use of cutting edge problem solving techniques

Qualité et efficacité du Management:

Presence of project management organisation

Each step of the process is taken into account

Impact: Fit Kyoto protocol
