Dear Colleague,

June is coming closer and we would like to take this opportunity to inform you about the latest developments concerning the M-2009 World Conference: confirmed keynote speakers, the overall programme structure and the status of submitted abstracts.

The conference will be held in Maastricht (The Netherlands) on June 7-10. The registration has started and we are targeting for 1000-1200 participants from around the world representing all sectors of open and flexible (distance) learning (with a focus on universities), government on different levels as well as the business sector.

M-2009 is a one-time merger of the bi-annual World Conference of ICDE and the annual European Conference of EADTU. The theme for M-2009 is "Flexible Education for All: Open - Global - Innovative".
