
SRC'08 - The Third European Security Research Conference

01 dicembre 2017

SRC'08 - The Third European Security Research Conference

Il 29-30 Settembre 2008 a Parigi sarà organizzata la terza Conferenza Europea sulla Ricerca nel campo della Sicurezza.

Organizzata sotto la presidenza europea, con il supporto della Commissione Europea, questo evento vede annualmente la partecipazione di più di 1.200 diversi partecipanti. Inoltre è considerato il principale evento durante il quale possono facilmente incontrarsi rappresentanti del mondo della sicurezza provenienti dal settore industriale, accademico e della ricerca ed end users.

E' possibile registrarsi al sito www.src08.fr

BROKERAGE SESSION at Security Research Conference, SRC'08

In the framework of the 2008 call for proposals on Security research, SEREN and the European Commission organise a brokerage session. This event is host on Monday 29th of September by the 2008 edition of the Security Research Conference, SRC'08 (www.src08.fr).

The brokerage session is organised to enable an efficient exchange of information between organisations presenting proposal ideas and interested participants.

Each presenter of a proposal idea has a maximum of two minutes to explain the objectives, topic addressed, the consortium, the type of partner sought for his proposal and give his contact details using a two slides maximum presentation (in PDF format).

A maximum of 40 proposal ideas will be accepted and the selection will be made on a first come, first serve basis.

In order to ease retrieving of presentations by interested participants, potential presenters are invited to fill the brokerage session form (http://www.seren-project.eu//index.php?option=com_content&task=view&id=44&Itemid=2) and send it, together with the presentation, by email by 12.09.08 to pcn_securite@cea.fr.

The retained presenters will receive a confirmation by 19.09.08. Presentations not retained will be shown in the exhibition area throughout SCR'08 (unless specified otherwise by email).

Nel link seguente il programma dell'Evento.
