EMUNI Call for Participants: Professional School - Internationalisation and Management in HE (10 ECTS)

Dear colleagues,

It is our pleasure to inform you that in frame of EMUNI Professional School - Summer Semester 2010 and in cooperation with Center for Higher Education Policy Studies (CHEPS), the Netherlands, the following courses will be organised:

- Internationalisation of Higher Education (5 ECTS) and
- Management in Higher Education (5 ECTS).

Courses will be taught in English and delivered from 28 June to 9 July 2010 at EMUNI University, Portoroz - Piran, Slovenia.

The main aim of courses is to provide an overview of history, general developments, trends and topics in higher education policy, outlining the basic structures of higher education systems and the main stakeholders in the field. The prevailing governance mechanisms in higher education will also be explained. The structure of higher education funding will be discussed on the basis of international trends and experiences. In addition, courses will offer an insight into prominent developments in the area of internationalization and their impact on national higher education systems.

During the courses participants will have the opportunity to:

- meet internationally renowned professors,
- gain international and intercultural experience and
- make new friends and enjoy summer.

Enclosed you will find the call for participants where you can find basic information about the course, teaching methods, etc. For detailed information and e-registration visit this [link](#).

We would be most grateful if you could distribute the information regarding the course to your students whom you believe may be interested in participating. If possible, please add the link on your official website.

With kind regards,

Blanka PALCIC, Projects - Education
