Dal coordinatore degli NCP

[…]I am pleased to inform you that the SSH Info Day: "Turning to the Future: A new approach for EU Socio-Economic and Humanities Research until 2013" will take place in Brussels on Friday 5 June.
The aim of this conference is to inform the European Research community about the new approach which FP7 will take as regards SSH Research. The event is an important step in preparing stakeholders for changes to the SSH Work Programme, the 2010 edition of which will be published and open for proposals at the end of July 2009.

Please also inform your wider contacts about the public registration for the conference: the conference registration webpage is at this address: http://ec.europa.eu/research/social-sciences/events-49_en.html
For those who can't attend, there will be live web-streaming of all sessions on the Commission's website.
The draft agenda is attached.
